

Elementary/Middle District Rankings Based on Index Scores from May 2008 NH-Alt and October 2008 NECAP Statewide Assessments

Content: Writing

Sorted by: Name

The data on these ranking lists are based on the performance index scores that are calculated during Adequate Yearly Progress (AYP) reporting. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools that have the same index score (or the same improvement in index score) earn the same rank. Rankings are assigned by content area. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	No. of Students Included in the Index Score Ranking [†]	Current Year Writing Index Score and SE [‡]	Index Score Ranking of 147	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE [‡]	Index Score Improvement	Index Score Improvement Ranking of 144
State of New Hampshire	30010	82.5 (+/- 0.1)	92	30469	78.8 (+/- 0.1)	3.7	71
Albany	0	-	A	NA	-	-	B
Allenstown	103	80.8 (+/- 2.5)	107	106	72.3 (+/- 2.5)	8.5	26
Alton	117	81.5 (+/- 2.2)	101	124	78.9 (+/- 1.9)	2.6	87
Amherst	360	90.3 (+/- 1.0)	26	396	87.4 (+/- 1.0)	2.9	80
Andover	55	85.5 (+/- 2.7)	58	62	75.5 (+/- 4.0)	10	21
Ashland	28	89.3 (+/- 3.8)	32	28	93.6 (+/- 2.3)	-4.3	136
Auburn	162	87.5 (+/- 1.5)	41	127	85.7 (+/- 1.7)	1.8	95
Barnstead	107	75.5 (+/- 2.9)	130	118	79.5 (+/- 2.3)	-4	132
Barrington	186	83.9 (+/- 1.7)	75	193	76.2 (+/- 1.8)	7.7	34
Bartlett	75	90.1 (+/- 2.1)	27	80	90.0 (+/- 2.0)	0.1	113
Bath	8	-	A	8	-	-	B
Bedford	650	91.7 (+/- 0.7)	19	710	86.5 (+/- 0.7)	5.2	54
Benton	0	-	A	NA	-	-	B
Berlin	209	76.6 (+/- 1.9)	126	208	76.6 (+/- 1.8)	0	115
Bethlehem	28	83.6 (+/- 3.9)	80	31	76.1 (+/- 4.6)	7.5	35

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Oyster River Coop	283	85.4 (+/- 1.3)	59	297	81.6 (+/- 1.3)	3.8	67
Pelham	331	83.3 (+/- 1.2)	84	357	81.6 (+/- 1.2)	1.7	97
Pembroke	174	77.9 (+/- 1.9)	120	168	76.8 (+/- 2.1)	1.1	103

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle District Rankings Based on Index Scores from May 2008 NH-Alt and October 2008 NECAP Statewide Assessments

Content: Writing

Sorted by: Name

The data on these ranking lists are based on the performance index scores that are calculated during Adequate Yearly Progress (AYP) reporting. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools that have the same index score (or the same improvement in index score) earn the same rank. Rankings are assigned by content area. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle District Rankings Based on Index Scores from May 2008 NH-Alt and October 2008 NECAP Statewide Assessments Content: Writing

Sorted by: Index Score Ranking

The data on these ranking lists are based on the performance index scores that are calculated during Adequate Yearly Progress (AYP) reporting. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools that have the same index score (or the same improvement in index score) earn the same rank. Rankings are assigned by content area. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle District Rankings Based on Index Scores from May 2008 NH-Alt and October 2008 NECAP Statewide Assessments Content: Writing

Sorted by: Index Score Improvement Ranking

The data on these ranking lists are based on the performance index scores that are calculated during Adequate Yearly Progress (AYP) reporting. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools that have the same index score (or the same improvement in index score) earn the same rank. Rankings are assigned by content area. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle District Rankings Based on Index Scores from May 2008 NH-Alt and October 2008 NECAP Statewide Assessments Content: Writing

Sorted by: Index Score Improvement Ranking

The data on these ranking lists are based on the performance index scores that are calculated during Adequate Yearly Progress (AYP) reporting. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools that have the same index score (or the same improvement in index score) earn the same rank. Rankings are assigned by content area. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.
