

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Name

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324
State of New Hampshire	State of New Hampshire	30381	76.8 (+/- 0.1)	210	31179	76.8 (+/- 0.1)	0	174
Acad for Science and Design Ch	Academy for Science and Design	17	94.1 (+/- 2.3)	6	12	91.7 (+/- 3.9)	2.4	103
Allenstown	Allenstown Elementary School	50	81.6 (+/- 2.4)	159	35	78.9 (+/- 3.6)	2.7	94
Allenstown	Armand R. Dupont School	73	66.8 (+/- 2.6)	302	60	58.7 (+/- 3.5)	8.1	29
Alton	Alton Central School (Elem)	124	78.5 (+/- 1.8)	192	123	78.7 (+/- 2.0)	-0.2	178
Amherst	Amherst Middle School	216	83.9 (+/- 1.3)	126	228	81.8 (+/- 1.3)	2.1	113
Amherst	Harold H. Wilkins School	190	90.2 (+/- 1.2)	43	160	88.4 (+/- 1.4)	1.8	125
Andover	Andover Elementary School	54	80.0 (+/- 3.3)	172	62	80.3 (+/- 2.7)	-0.3	180
Ashland	Ashland Elementary School	35	89.7 (+/- 2.5)	49	30	92.0 (+/- 2.5)	-2.3	241
Auburn	Auburn Village School	167	81.6 (+/- 1.5)	159	137	83.6 (+/- 1.6)	-2	228
Barnstead	Barnstead Elementary School	129	74.0 (+/- 2.1)	236	111	71.7 (+/- 2.3)	2.3	107
Barrington	Barrington Elementary School	115	87.0 (+/- 1.8)	86	104	88.1 (+/- 1.8)	-1.1	204
Barrington	Barrington Middle School	97	69.7 (+/- 2.2)	279	113	70.1 (+/- 2.0)	-0.4	183
Bartlett	Josiah Bartlett Elementary Sch	71	82.8 (+/- 2.4)	146	81	85.4 (+/- 2.1)	-2.6	245
Bath	Bath Village School	11	72.7 (+/- 6.2)	250	8	-	-	B
Bedford	Memorial School	101	93.9 (+/- 1.4)	7	107	90.7 (+/- 1.4)	3.2	79

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Name

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324

On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Name

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324
State of New Hampshire	State of New Hampshire	30381	76.8 (+/- 0.1)	210	31179	76.8 (+/- 0.1)	0	174
Marlborough	Marlborough Elementary School	33	77.0 (+/- 3.6)	207	42	73.8 (+/- 3.7)	3.2	79

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Name

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Index Score Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324

Hudson	Hills Garrison Elementary Sch	98	83.7 (+/- 2.1)	133	110	87.8 (+/- 1.7)	-4.1	272
Hillsboro-Deering Cooperative	Hillsboro-Deering Elementary	97	83.7 (+/- 2.0)	133	96	80.6 (+/- 2.0)	3.1	83
Seabrook	Seabrook Elementary School	75	83.5 (+/- 2.4)	135	95	72.4 (+/- 2.4)	11.1	10

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Index Score Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

Content: Science

Sorted by: Index Score Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Index Score Improvement Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324

Monadnock Regional	Dr. George S. Emerson Elem	29	88.3 (+/- 2.9)	66	27	88.1 (+/- 3.4)	0.2	164

† Number of students who contributed to the index score.

‡ There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle School Rankings Based on Index Scores

from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Index Score Improvement Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking†	Current Year Science Index Score and SE‡	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE‡	Index Score Improvement	Index Score Improvement Ranking of 324

Sorted by: Index Score Improvement Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	School	No. of Students Included in the Index Score Ranking [†]	Current Year Science Index Score and SE [‡]	Index Score Ranking of 332	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE [‡]	Index Score Improvement	Index Score Improvement Ranking of 324
State of New Hampshire	State of New Hampshire	30381	76.8 (+/- 0.1)	210	31179	76.8 (+/- 0.1)	0	174
Goffstown	Mountain View Middle School	294	69.8 (+/- 1.4)	276	289	72.9 (+/- 1.4)	-3.1	255

Rochester	Gonic School	41	80.0 (+/- 3.3)	172	41	83.9 (+/- 3.1)	-3.9	269
Manchester	Gossler Park School	44	66.4 (+/- 3.6)	306	71	70.4 (+/- 2.9)	-4	270
Milford	Milford Middle School	207	68.8 (+/- 1.6)	286	215	72.8 (+/- 1.6)	-4	270

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.
