

Elementary/Middle District Rankings Based on Index Scores from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments

Content: Science

Sorted by: Name

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	No. of Students Included in the Index Score Ranking [†]	Current Year Science Index Score and SE [‡]	Index Score Ranking of 146	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE [‡]	Index Score Improvement	Index Score Improvement Ranking of 145
State of New Hampshire	30381	76.8 (+/- 0.1)	89	31179	76.8 (+/- 0.1)	0	77
Allenstown	123	72.8 (+/- 1.9)	119	95	66.1 (+/- 2.7)	6.7	13
Alton	124	78.5 (+/- 1.8)	74	123	78.7 (+/- 2.0)	-0.2	81
Amherst	406	86.8 (+/- 0.9)	24	388	84.5 (+/- 1.0)	2.3	41
Andover	54	80.0 (+/- 3.3)	62	62	80.3 (+/- 2.7)	-0.3	82
Ashland	35	89.7 (+/- 2.5)	15	30	92.0 (+/- 2.5)	-2.3	110
Auburn	167	81.6 (+/- 1.5)	47	137	83.6 (+/- 1.6)	-2	101
Barnstead	129	74.0 (+/- 2.1)	111	111	71.7 (+/- 2.3)	2.3	41
Barrington	212	79.1 (+/- 1.5)	70	217	78.7 (+/- 1.5)	0.4	67
Bartlett	71	82.8 (+/- 2.4)	41	81	85.4 (+/- 2.1)	-2.6	113
Bath	11	72.7 (+/- 6.2)	120	8	-	-	B
Bedford	713	87.0 (+/- 0.7)	23	721	87.0 (+/- 0.7)	0	77
Berlin	226	66.5 (+/- 1.6)	139	218	69.4 (+/- 1.7)	-2.9	120
Bethlehem	29	85.5 (+/- 3.6)	30	32	88.1 (+/- 3.0)	-2.6	113
Bow	261	86.3 (+/- 1.1)	27	231	82.6 (+/- 1.3)	3.7	25
Brentwood	55	93.8 (+/- 1.5)	3	74	92.2 (+/- 1.6)	1.6	51

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Sorted by: Name

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	No. of Students Included in the Index Score Ranking [†]	Current Year Science Index Score and SE [‡]	Index Score Ranking of 146	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE [‡]	Index Score Improvement	Index Score Improvement Ranking of 145

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle District Rankings Based on Index Scores from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments Content: Science

Sorted by: Index Score Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	No. of Students Included in the Index Score Ranking [†]	Current Year Science Index Score and SE [‡]	Index Score Ranking of 146	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE [‡]	Index Score Improvement	Index Score Improvement Ranking of 145

Stoddard	9	-	A	7	-	-	B
Washington	10	-	A	18	-	-	B
Waterville Valley	2	-	A	11	-	-	B

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle District Rankings Based on Index Scores from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments Content: Science

Sorted by: Index Score Improvement Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	No. of Students Included in the Index Score Ranking [†]	Current Year Science Index Score and SE [‡]	Index Score Ranking of 146	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE [‡]	Index Score Improvement	Index Score Improvement Ranking of 145

Auburn	167	81.6 (+/- 1.5)	47	137	83.6 (+/- 1.6)	-2	101
Jaffrey-Rindge Cooperative	250	75.1 (+/- 1.4)	104	277	77.1 (+/- 1.4)	-2	101
Moultonborough	104	79.2 (+/- 2.2)	67	97	81.2 (+/- 2.0)	-2	101
Rumney	27	77.0 (+/- 3.8)	85	39	79.0 (+/- 3.6)	-2	101
Concord	738	74.4 (+/- 0.9)	108	745	76.5 (+/- 0.9)	-2.1	105
Dunbarton	28	92.9 (+/- 2.6)	7	36	95.0 (+/- 1.7)	-2.1	105

[†] Number of students who contributed to the index score.

[‡] There is some variation associated with all measurement, including test scores. For example, the results of public opinion polls are reported with a margin of error, such as 54 percent plus or minus (+/-) five percent. On these ranking lists the reported variation is the standard error of the mean (SE). Please note that as the number of students increases, the SE decreases.

* The SE is less than 0.1.

"A" A ranking is not assigned when fewer than eleven (11) student scores are included in the index score for a school or district.

"B" A ranking is not assigned for index score improvement if fewer than eleven (11) student scores were included in either the current or prior year index score.

"NA" Data is not available.

Elementary/Middle District Rankings Based on Index Scores from May 2009 NH-Alt and May 2009 NECAP Science Statewide Assessments Content: Science

Sorted by: Index Score Improvement Ranking

The data provided in these rankings are calculated based on the same performance index method that is used to rank schools and districts in reading, writing, and mathematics. Schools and districts receive a rank based on their index score. A rank of "1" represents the best performance. When a previous index score is available, a separate ranking is also calculated based on the improvement in the index score from one year to the next year. Schools or districts that have the same index score (or the same improvement in index score) earn the same rank. The schools and districts are sorted three ways: alphabetically, by index score ranking, and by improvement ranking.

District	No. of Students Included in the Index Score Ranking [†]	Current Year Science Index Score and SE [‡]	Index Score Ranking of 146	No. of Students Included in the Prior Year Index Score Ranking	Prior Year Index Score and SE [‡]	Index Score Improvement	Index Score Improvement Ranking of 145
State of New Hampshire	30381	76.8 (+/- 0.1)	89	31179	76.8 (+/- 0.1)	0	77
Governor Wentworth Regional	369	79.2 (+/- 1.1)	67	411	81.3 (+/- 1.0)	-2.1	105
